NOTICE

June 2010

Within the next few months, the Orange County Sheriff's Office Judicial Process Section will be implementing a new system that will allow our service affidavits to be returned via electronic mail. This new system will expedite the process and provide for a timelier return of service. You may review your returns at the Orange County Clerk of the Court's website: http://www.myorangeclerk.com.

In order to facilitate this process, we are requesting that you include your e-mail address along with your contact information when submitting process for service to our office. Should you have any questions, please contact Ms. Maria Osborne at (407) 836-4575.

Your assistance in this endeavor is greatly appreciated.
